### *‘Welcome to our new look website’*

The old saying goes, ‘a change is as good as a rest’ and so we wanted give you all a well-deserved rest! Therefore, we have taken the decision to bring our website more in line with modern times and give it a little spring clean.

The new layout of the website still contains all the features you are used to, they are just in a slightly different place.

You can still navigate your way through the website using the dropdown menus provided. The most common searched for items and information is still on the top row which allows for easy finding. For those more specific sections you will now find them at the bottom of the page as apposed to the side.

We hope you enjoy our new look and find it a slightly easier place to navigate.
